OBJECTIVE

A frontend focused web developer building the frontend of web sites and web applications that leads to the success of the overall product.

Dedicated, organized and methodical individual with good interpersonal skills. I am reliable and dependable and often seek new responsibilities within a wide range of employment areas. I have an active and dynamic approach to work and getting things done.

ACHIEVEMENTS

FRONTEND

- Built 20 interactive, single-page React apps that could scale with both increase in interaction complexity and volume.
- Created 20+ mobile-first applications with responsive designs.
- Optimized 20+ web pages for maximum speed and scalability.

Check my github.com/devemit for more projects.
